

# Company Accounts & Year End

## Our service

- Abbreviated statutory accounts and Corporation Tax
- Partnership accounts for self-assessment
- Soletrader accounts for self-assessment
- Dormant company accounts

## Our people

Working for you, and in line with your business and statutory deadlines, we'll ensure that your year end runs smoothly.

From the moment you instruct us and drop off your records, we'll liaise with your previous accountant to arrange a smooth transition from them to us. We'll manage the entire process.

As a qualified accountant with up-to-date knowledge of taxation and compliance requirements you can be assured that our service focuses on you and your business.

## Your business

Our year end service also includes a full review when the accounts are completed – to ensure that you understand the numbers in no-nonsense, understandable language. We'll work with you to develop key financial measures for the forthcoming year to help your business grow in a sustainable way.
